

Dynamic Digital Display – LCDs Gate Package

Display Details:

Your customized 30-second ad will be displayed to a captive audience on fourteen (14) 49" LCD monitors located in specific locations throughout the gate area, ensuring maximum visibility and impact. Our LCD monitors deliver crisp, clear imagery, featuring a continuously looping slideshow with a maximum duration of 12 minutes between your ads (maximum of 24 ad spots). Advertising monitors will be positioned next to an Atmosphere TV, which will play continuous video content.

Pricing Information:

- Pricing per Month with an Annual Agreement
 - \$500 – (1) 30-second static image
 - \$850 – (2) 30-second static image
 - \$1200 – (3) 30-second static image
- Pricing per Month with a Short-Term Agreement
 - \$550 – (1) 30-second static image
 - \$950 – (2) 30-second static image
 - \$1350 – (3) 30-second static image

Pricing includes your message rotating on all 14 LCD monitors

Production Specifications:

- Dimensions:
 - Image Type: PNG (300 DPI)
 - Image Size: 1920 Width x 1080 Height (Full Screen)
- No Sound or Video Available

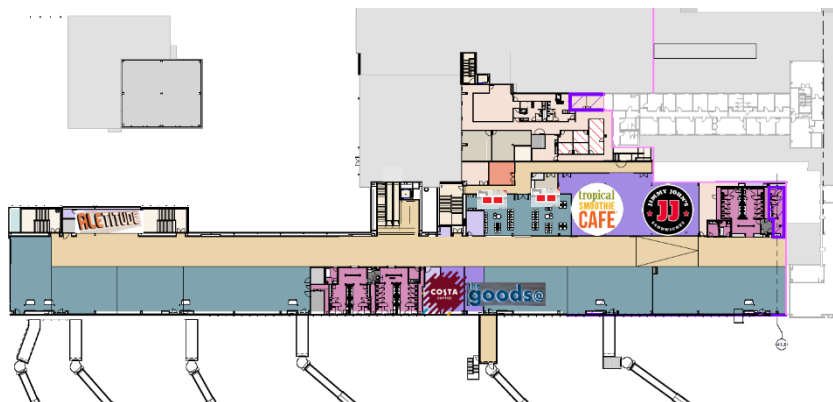

The advertiser is responsible for developing the creative elements and providing the PNG image. Although clients may change their artwork at any time without incurring additional charges, all designs must be approved by the airport marketing department.

Fabric Display – TSA Exit Lane (4 Locations)

Display Details:

TSA Exit Lane tension fabric displays are prominently placed along the TSA exit corridor, making them one of the first things travelers see as they arrive at AVL. These vibrant, high-impact displays act as in-terminal billboards, perfectly positioned to capture visitors' attention as they enter the region. With limited advertising in the area, your message stands out, offering a prime opportunity to showcase your destination, attraction, or experience to an eager and curious audience ready to explore.

Pricing Information:

- Pricing per Month with an Annual Agreement
 - \$1000 – (1) 8' x 5'
- Pricing per Month with a Short-Term Agreement
 - \$1250 – (1) 8' x 5'

Production Specifications:

- Dimensions:
 - Fabric – SBL
 - Finishing - Silicone
 - 96" Width x 60" Height
 - 9oz Polyester Knit Fabric
 - Tag – Top Right

The advertiser is responsible for developing the creative elements and providing the printed tension fabric material. Although clients may change their artwork at any time without incurring additional charges, all designs must be approved by the airport marketing department. Airport employees will provide the installation of the tension fabric display.

Fabric Display – Post TSA Check Point (2 Locations)

Display Details:

The Post-TSA Checkpoint tension fabric display is prominently positioned as arriving passengers enter the TSA exit corridor and departing passengers exit security. One of the first sights travelers encounter as they arrive at AVL. It is also highly visible to passengers just clearing security and heading toward their gates. These vibrant, high-impact displays function like in-terminal billboards, strategically placed to capture the attention of both arriving and departing passengers. With limited advertising in this area, your message stands out, making this a prime opportunity to showcase your brand.

Pricing Information:

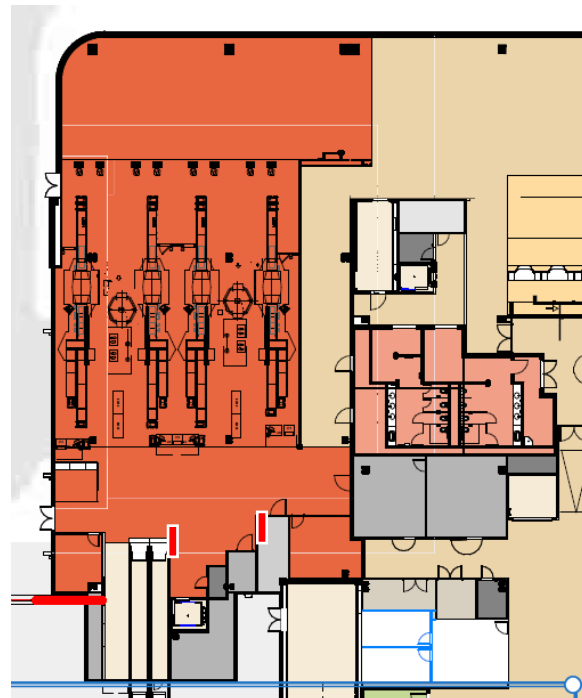

- Pricing per Month with an Annual Agreement
 - \$1250 – (1) 8' x 5'
- Pricing per Month with a Short-Term Agreement
 - \$1500 – (1) 8' x 5'

The advertiser is responsible for developing the creative elements and providing the printed tension fabric material. Although clients may change their artwork at any time without incurring additional charges, all designs must be approved by the airport marketing department. Airport employees will provide the installation of the tension fabric display.

Production Specifications:
