**AVL CELEBRATES AVIATION DAY**

*Where we've come, and where we're going*

There has been a lot of change at the Asheville Regional Airport lately, but there is a constant: our commitment to be a part of this community. The airport has played a role in the growth and success of our region from its inception, contributing almost a half a billion dollars to our local economy every year. Our sustained growth and impact on the region are made possible by our loyal passengers and their commitment to fly local. In honor of National Aviation Day (celebrated each August), we wanted to appreciate our history and the exciting things that are happening here at AVL.
