### **MAKE SURE TO PLAN AHEAD**

*Reminder – national ground transportation shortage causing long waits*

We are advising travelers to take an extra step in their travel planning to arrange ground transportation ahead of arrival. This includes pre-scheduling a taxi, car service, shuttle, car rental or Ride App pick up from the airport.

Because of a national ground transportation shortage that is also affecting AVL, an immediate ride may not be available when you land in your final destination. In fact, you may have to wait long periods of time for the next available ride.

Most airports have links on their websites that give contact information for permitted ground transportation providers who can pick up from the airport.

## PASSENGER NUMBERS BACK TO PRE-PANDEMIC LEVELS

*Shuttle Lot to open soon at AVL*

Parking lots are filling fast at AVL, especially during peak travel times. Not to worry, though – the airport is making active plans to open its new Shuttle Lot directly across the street from the airport. The airport will open this lot within the next few weeks, which will mean more options for travelers.

A shuttle will operate to and from the lot, and will drop off and pick up passengers along the front curb of the terminal.

## OPTIONS ARE NEARLY ENDLESS

*Getaway YOUR way! 23 nonstop flight options from AVL*

AVL continues to be one of the best-connected regional airports in the country. Travelers have 23 nonstop airport destinations from which to choose, including frequent daily flights to major hubs.

With the highest number of daily connections available in the airport's history, travelers' options are nearly endless. Most destinations can be reached with one easy connection. AVL's convenience just keeps getting better and better.

Check out our most recent route map, and thank you for checking AVL first for your travel needs.

## COMMUNITY CONNECTIONS

*AVL is proud to sponsor community events and outreach*

AVL is proud to help you make community connections with iDaph events, like The Black Bear Half Marathon presented by Hunter Subaru this fall. This local 13.1 mile running

Chef Santiago Vargas shares exquisite Peruvian flavors from his heart on this week's episode of Speaking of Travel. Also, hear an update from AVL about what to expect when taking to the skies this summer. Click the button below, to listen.
