

GREATER ASHEVILLE REGIONAL AIRPORT AUTHORITY

POSITION DESCRIPTION

POSITION TITLE: Public Safety Officer	DATE: 07/01/2024
DEPARTMENT/TITLE OF SUPERVISOR: Public Safety/Public Safety Lieutenant	GRADE/LEVEL: 18 (Non-Exempt)

Position Summary (Primary Function)

On a shift schedule, is responsible for the combined duties of aircraft rescue and firefighting (ARFF), emergency medical response, and law enforcement. Work requires the performance of hazardous tasks under emergency conditions which may include strenuous exertion. This position requires working well in an emergency situation and must exercise independent judgment, discretion, and initiative in completing assignments and handling difficult public contact situations requiring considerable tact and knowledge of airport policies, procedures, and programs. Performs other duties as assigned by the Public Safety Chief, Deputy Chief, Captain, and/or on-duty Lieutenant.

Responsibilities (Essential Functions)

- Patrol airport terminal, parking lots, and airport perimeter to verify travelers and other visitors are safe on airport grounds.
 - Investigates suspicious activity or complaints by following city, state, any other applicable laws, and ordinances.
 - Directs traffic and enforces parking laws.
 - Within a prescribed timeframe, completes appropriate paperwork to document incidents, investigations, charges filed, or arrests made.
 - Recognizes potentially dangerous articles or explosives and takes appropriate action when encountered.
 - Serves as a member of a firefighting crew by operating apparatus, hose lines and/or turrets, aircraft and building evacuations, forced entries into aircraft or vehicles, raises and climbs ladders, and uses chemical extinguishers, bars, power tools, and other equipment in performing firefighting and rescue duties.
 - Responds to a variety of aircraft related emergencies including standby details for in-flight situations including aircraft equipment problems and homeland security threats, crash of commercial, civilian, or military aircraft, in-flight or ground hazardous materials incidents, fuel spills, and special maintenance or other safety related requirements.
 - Responds to a variety of medical emergencies, including sudden illness, personal injury accidents, accidents with machinery, and motor vehicle accidents; administers cardiopulmonary resuscitation, automated external defibrillation, and uses other medical equipment and procedures in providing emergency medical care in accordance to level of training and local protocols.
 - Participates in regular required training and reads periodicals to stay abreast of changes in the law, improve ability to fight fire and treat the injured, and practice for potentially life-threatening emergencies.
 - Will conduct periodic, daily, and as necessary, continuous inspections of runways, taxiways, and other airport facilities to ensure that the airport is operating within the guidelines of FAA requirements and the Airport Certification Manual (ACM).
 - Responsible for maintaining confidential information.
-
